

HARRY P. SCOTT MAKES A PLEA.

Statement of Facts Agreed Upon Presented to Judge Thompson Who Sentenced Scott to 13 Months in Prison—Defendant Released on \$10,000 Bond Pending Appeal of the Case.

Columbus, O., Dec. 9.—Harry P. Scott of Newark entered a plea of nolo contendere today before Judge Thompson and was sentenced to 13 months in the Ohio penitentiary. A stay of execution was granted pending an appeal and bond was given.

After making his plea today Mr. Scott, by his attorneys, Edward Kibler and Charles W. Miller, introduced letters from almost every bank official in Newark, testifying to his excellent reputation.

The case was appealed and a stay of execution granted for thirty days. Mr. Scott was at once released under a bond for ten thousand dollars.

Mr. and Mrs. Scott, with Attorneys Kibler and Miller and Mr. Scott's father-in-law, Benjamin Franklin, president of the People's National bank, came over from Newark this morning on the Baltimore and Ohio railroad and went to the federal court building. Soon it became known that the government and defense had agreed upon a statement of facts in the case and that there would be no trial of the case on Thursday morning, as had previously been fixed.

In this statement of facts, which was presented to the court, Scott contended that he had acted in good faith in admitting Harry J. Hoover to the People's National bank after Hoover had left the bank to become cashier of the Licking County bank, that the latter might cover a shortage of what he (Scott) supposed was \$6,076.50. Scott also contended that Harry J. Hoover, without his knowledge, secured the certificate of deposit register and marked "paid" certain certificates. He was told by Hoover that the certificates had been destroyed and did not learn till November of this year that they were still in existence.

STATEMENT OF FACTS.

Following is the statement of facts submitted in the Scott case to the government and the defendant today: The District Court of the United States for the Southern District of Ohio, Eastern Division:

The United States vs. Harry J. Hoover and Harry P. Scott. Stipulation of Facts: It is agreed between the government and the defendant, Harry P. Scott, that the following facts would be established on the trial of said cause:

That at the date of the acts complained of, said Scott had knowledge that said Hoover was a defaulter to the Peoples National Bank in the sum of \$6,076.50, and no more, being the amount represented by certificates of deposit Nos. 56,665, 56,788, 56,790, 56,791, 56,793, 56,794, 56,813, 56,814, and 56,815, mentioned in the indictment.

That said Hoover represented to Scott that the money which purchased said certificates, aggregating \$6,076.50, was paid by Hoover out of his individual means into said Peoples Bank, to repay said shortage; that Hoover further represented to said Scott that said Hoover would destroy said certificates (and the next day told Scott that he had done so), and desired to mark said certificates paid on the Peoples Bank

register and requested Scott to admit him, Hoover, to the Peoples Bank for that purpose; that Scott did so on the one occasion only, but was not present with Hoover when said register was marked paid by Hoover; that Hoover having recently theretofore been an employee of said bank knew the combination to the book vault and thus, as Scott believes, got access to the certificate register; that at the time Hoover obtained the register and did the marking, Scott was in the directors' room at the rear of the bank, which room was separate from and had no connection with the room where Hoover was; that Scott never knew or had any information until November 3, 1903, that said certificates had not been destroyed or that Hoover had marked as paid on the register any other certificates than the ones whose numbers are above given.

That at the time mentioned Scott was informed by Hoover and believed that the only reason or motive Hoover had in desiring or adopting this method of canceling and retiring said certificates, was to keep secret the fact that there ever had been any shortage on the part of Hoover, the same having been the purchase of said certificates and destruction by Hoover, been entirely made good, as Scott was then informed and believed.

That Hoover and Scott had been lifelong friends and companions and that Scott's father-in-law, Benjamin Franklin, had been for over three years last past and is now president of said Peoples Bank, and that Scott in doing what he did do, had no idea or thought that he was violating any law, but acted solely with a view of giving Hoover the opportunity of repaying his shortage without publicity or exposure.

That Scott was no party to said Hoover's shortage, nor ever profited directly or indirectly thereby.

That said Scott would have testified under oath, had the above cause come to trial, to all the facts above set forth.

HARRY P. SCOTT, Defendant.

I agree to the above statement except that I claim the proof will show that when Hoover and Scott were in the bank together, Scott opened the vault for Hoover, and laid out the register. Also I believe the proof will show that Scott knew of larger shortage than \$6,076.50. I know nothing except as one's judgment would be formed from above facts.

(Signed.)

SHERMAN T. McPHERSON, District Attorney.

The Scott case came up before the court upon the appeal by Scott of a nolo contendere, which in law is the plea of not guilty as well as a plea of not desiring further to contest the case, the object of the plea being to enable the defendant to take the case to the United States Court of Appeals for a review on the demurrer to the indictment which Judge Thompson had overruled.

The court heard the statement of Scott's attorneys in his behalf, which

consisted of letters from prominent persons of Newark as to Mr. Scott's reputation, which were in substance as follows: L. P. Schaus, president of the Newark Savings Bank: "I have always known Mr. Scott to be honest and upright in all his dealings."

J. F. Lingafelter, cashier of Newark Savings Bank: "Mr. Scott is an excellent young man. I have known him all his life and he has always borne an honest and trustworthy reputation."

F. S. Wright, president of the First National bank: "Mr. Scott's reputation for honesty and for integrity has always been the best. He is well regarded in this community."

E. C. Wright, cashier First National bank: "I have always known Mr. Scott to be upright and just and his reputation for honesty and integrity as of the best."

Willis A. Robbins, cashier Franklin bank: "His reputation for honesty and integrity is most excellent. He has always been looked upon by the community as an honest man. I am sure that all consider him very trustworthy."

T. O. Donovan, president Newark Trust company: "I have no hesitancy in saying that the reputation of Mr. Scott as far as honesty, integrity and uprightness has always been of the best. He has always been honest and truthful and the best people of the city consider him as such and so speak of him."

E. W. Crayton, cashier Licking County bank: "The general reputation of Mr. Scott in this community for honesty and integrity has always been good. His accounts with the Licking County bank were square."

James K. Hamill, director Licking County bank: "Mr. Scott has always borne a good reputation for honesty and integrity and everyone in the community held him in the highest respect and considered him an honest and trustworthy young man."

W. L. Prout, E. M. Baugher, A. F. Crayton, George W. Havens, directors, and J. M. Maylone, cashier Peoples National bank: "We know that Mr. Scott's reputation for integrity and honesty is of the best and the people of the vicinity so recognize it."

Judge Thompson before passing sentence upon Mr. Scott, stated that he believed the statement of facts and the statements contained in the letters which were produced as to Mr. Scott's reputation as to honesty and integrity to be true.

Mr. Scott is sentenced to the Ohio State penitentiary to be confined for a period of 13 months and pay the costs of the prosecution.

Scott's counsel thereupon stated to the court that they desired to appeal the case to the United States court of appeals to review the judgment of the district court on the demurrer and to grant a stay of execution to enable them to do so. Then the court granted a stay for 30 days, to enable Scott's attorneys to perfect the plea.

Scott was released on a \$10,000 bond which was signed by Benjamin Franklin. It is not likely that the case can come up in the United States Court of Appeals (Continued on page 6, 5th Col.)

DOWIE

Again in Control of Zion City and Its Industries.

Chicago, Dec. 9.—John Alexander Dowie is again in control of Zion City and all its industries.

This turn in the affairs of the head of the Christian Catholic church followed a financial showing made yesterday afternoon which satisfied all the creditors, who immediately made a formal motion before Judge Kohlstaet to have the receivership appointed by the United States district court a week ago, dissolved.

As no objection was offered to the motion by any of the creditors, Judge Kohlstaet granted the request and Receivers Blount and Carrier were discharged.

While the receivers have been relieved from further duties at Zion City the bankruptcy proceedings are still maintained.

It is likely, however, that these will be dismissed in a day or two, or as soon as the creditors' committee appointed Monday has an opportunity to report on the advisability of accepting Dowie's offer of settlement.

This provides for payment of all merchandise accounts within one year and the giving of notes in the meantime, bearing 5 per cent interest.

By the terms of agreement Dowie has agreed to pay all the expenses of the receivers.

STORY

Of Shooting Czech Actress by Princes is Now Confirmed.

Berlin, Dec. 9.—Despite the denials, your correspondent is in a position to say that the story of the shooting of the Czech actress, Clara Zeigler, by Princess Elizabeth of Windsch-Graetz, is true. The Austrian official agency which issued the contradiction, is the property of the government and is maintained for the purpose of foisting officialdom's version of everything in the world. It is this corrupt newspaper association—the "Korrespondenz" and is in sharp contrast with the Frankfurter-Zeitung which published the story, and which is the most reliable journal on the continent. The denial by the official agency is therefore worthless.

Your correspondent had the editor of a paper at Prague, where the shooting occurred, on the telephone today. Replying to a query, he said: "All the story is true, but we can not publish it."

The Rheinisch-Westfaelische Zeitung today confirms the shooting and learns from Belgian court circles that a divorce between the prince and princess is inevitable.

A dispatch from Brussels quotes the Petit Bleu of that city as also confirming the story today.

OIL IS HIGHER

Toledo, Dec. 9.—The Standard Oil company raised the price on crude 3 cents east and 1 cent west, making oil today worth 11 cents more than it was before and 25 cents higher than it was January 1 last year.

Marshal Resigns.

New Orleans, Dec. 9.—United States Marshal Simmons, of the southern district of Alabama, has made public his resignation, tendered to President Roosevelt a few weeks ago. In part he says: "The policy expressed and the positive statement made to me by your referee admit of but one construction, viz., that the color line is drawn and drawn in favor of the negro, and the door of hope is closed to the white man, especially the self-respecting white men."

Students Left College.

Hanover, Ind., Dec. 8.—President Fisher has expelled ten students and suspended fifty others from the various classes as the result of a class clash. The entire student body has left the college, and at a meeting held in the campus has decided not to return till the men are reinstated. The sophomore class barricaded itself in the belfry of the college and not even the professors and students with axes could dislodge them.

CAPTAIN UNDER FIRE.

Columbus, O., Dec. 9.—Charges were sent to the Governor against Captain John J. Baird, Troop B, O. N. G., the Governor's troop, conduct unbecoming an officer, making false muster or permitting the same to be done at Camp McKinley and using profane language are including in the charges.

Over Score Drowned.

Constantinople, Dec. 9.—Word reached here today that 27 persons were drowned in floods at Sutura Albania.

LANDING OF THE DIXIE MARINES

On Isthmus of Panama Justified by Orders Cabled to Rear Admiral Glass—American Warships Gather to Prevent an Invasion of Panama By the Colombian Army.

Washington, Dec. 9.—(Bulletin.)—The navy department officials admitted this morning that the landing of the United States marines from the Dixie on the Isthmus of Panama is justified by the orders cabled to Rear Admiral Henry Glass last Thursday to take every means to prevent an invasion of the Isthmus by Colombia. The Colombian army is reported to be marching to Panama. Now that the canal treaty has been ratified by the Panama junta, it is held by the administration that the canal strip is the property of the United States, and that this country is justified in taking every means to prevent Colombia from making any hostile demonstration on the Isthmus of Panama.

La Guayra, Venezuela, Dec. 9.—(Bulletin.)—One thousand Colombian soldiers from Cartagena have been landed near the mouth of the Atre river on the gulf of Darien, according to advices brought here by the French steamer Versailles. It is also stated that troops from the department of Cauca are converging on Panama and that troops from other parts of Colombia are marching or awaiting the result of General Reyes' mission to Washington.

Colon, Dec. 9.—Owing to the receipt by Admiral Cochran of news that an army of 3,000 Colombians has started to march overland from Cartagena to regain possession of the Isthmus, a company of United States marines, under Captain Wirt McCreery, was landed from the auxiliary cruiser Dixie, and went by train up the Panama railroad to camp in the canal company's houses near Empire Station.

A second company of 50 marines under Captain Brackett was landed, and took the afternoon train. A third, numbering 50, under Captain Little, will leave today.

Chief Engineer Mansfield of the Dixie, and a party of machinists went along to overhaul the water supply system for the camp.

The camp at Empire is now thoroughly equipped and all precautions from a sanitary standpoint to insure the health of the marines have been taken.

It is considered significant that the point selected for the encampment of the Dixie's marines, while it is the highest and best so far as sanitary conditions are concerned on the line of the Panama railroad, is also on the trail most frequently used in the past for the movement of troops overland from the Cauca district into the Chiriqui district.

If a body of Colombian troops should succeed in obtaining a foothold in the Chiriqui district it is generally conceded that after predatory raids on the country side they could retreat to the mountain fastnesses, from which it would be most difficult to dislodge them. There is no doubt that the naval authorities took into consideration the moral effect on the Colombian government of the establishment of a marine camp at Empire.

The Panamanian gunboat Padilla and the United States gunboat Concord left Panama yesterday afternoon for Chiriqui.

The United States cruiser Boston, and the Panamanian gunboat Chucuito have left for the Gulf of Darien and Chepo river, the Chucuito taking detachments of troops.

It is announced that the entrance to the Atrato river at the head of the Gulf of Darien is being closely guarded, so that any attempts on the part of the Colombian government to send troops

through this river to the Isthmus will be ineffective.

TO INVADE COLOMBIA.

Willemstadt, Island of Curacao, Dec. 9.—The Venezuelan government has imported 15,000 rifles and 10,000,000 cartridges, and is reported preparing to invade Colombia in case of war between the latter country and the United States. The arms and ammunition were received from Germany.

PETREL HAS SEALED ORDERS.

San Francisco, Dec. 9.—The gunboat Petrel has left the port under sealed orders. After she turned to the north after passing the headlands it is presumed she has gone to China to join the Asiatic squadron, though there is a rumor that her destination is Panama.

REFERRED TO COMMITTEE.

Washington, Dec. 9.—The Senate in executive session referred the treaty between the United States and Panama for the construction of a canal across the Isthmus to the committee on foreign relations. There was no discussion of the treaty in any form.

United States Minister Thomas, at Stockholm, Sweden, has cabled the State department that the government of Sweden and Norway has recognized the republic of Panama as an independent state.

"FATHER OF PANAMA."

Panama, Dec. 2.—A special from Colon, arrived here having on board Dr. Manuel Amador, the "Father of Panama," and Frederick Boyd, the special commissioners from the republic of Panama returning from their visit to Washington. They were given a rousing reception.

LANGLEY'S AIRSHIP BROKE IN TWO

Before It Exhibited Any Attempt at Flying, The Intricate Machine Built at Great Expense Is a Total Wreck—Professor Manly Fell and Was Almost Drowned.

Washington, D. C., Dec. 9.—Under weather conditions which were regarded as perfect the Langley airship or aeroplane, was given a second trial a short distance from Washington down the Potomac, the result being the complete wreck of the airship.

On the word being given to launch the aeroplane it glided smoothly along the launching tramway until the end of the tramway was reached, when, on being left to itself the aeroplane broke in two and turned completely over, precipitating Prof. Charles M. Manly, who was operating it, into the icy water beneath the tangled mass. A number of launches containing newspaper men and others immediately steered for the spot but before they could reach Prof. Manly one of his assistants leaped overboard and brought him aboard the houseboat on which the launching tramway was laid.

Langley was present to witness the test, and appeared crestfallen when he saw the product of months of study and labor, combined with an enormous expenditure of money, disappear beneath the water, close to where he was standing.

When Prof. Manly appeared aboard the houseboat early this morning he saw that the most favorable opportunity for making the second test was at hand and he immediately set about giving directions to prepare the ship for its flight. He also summoned Prof. Langley and other Smithsonian experts, as well as a number of officers of the army, all of whom were most interested spectators, some being aboard the houseboat, while other occupied the deck of the new sectional boat Pontonier, which had run down to see the flight. Out in the stream were also a number of launches and sailing craft.

It required five hours to assemble the various parts of the machine.

At 4:46 in the afternoon when all was ready and with darkness fast approaching, Prof. Langley called his chief assistant, Mr. Manly, aside and gave him his last instruction. The latter then donned his life jacket and entered the car. After a few moments he set the machinery in motion, and the propellers rapidly revolved. Then he gave the signal, and an instant later there was a crash, the after part of the ship fell upon the deck of the houseboat, while the forward part, in which Prof. Manly was seated, was seen to rise slightly, then turn completely over and drop into the water a few feet away, without having flown even the slightest distance.

The failure to fly was total and the wreck of the aeroplane was almost complete.

FATALITY

Results From Family Brawl—Son Interferes to Save His Mother from an Assault.

Oil City, Pa., Dec. 9.—David Greeg, of Franklin, was stabbed to death during a family quarrel, by William Walls, a brother-in-law, at the home of the latter's mother, near Dempseytown.

Walls was arrested. He is twenty-three years old and his victim was 32 years of age. It is said the quarrel began while the family was eating breakfast. William and a younger brother, Moses, becoming involved in an altercation, Mrs. Walls, their mother, interfered, and it is alleged William hurled a chair at her. Greeg then took a hand in the affair and was getting the best of Walls when the latter seized a long, keen-bladed butcher knife from the table and thrust it into his brother-in-law's left side. The latter died in a few minutes.

Walls claimed the deed was done in self-defense.

Democratic Committee.

Washington, Dec. 9.—Chairman J. K. Jones today issued a call for a meeting of the Democratic national committee, naming January 12 as the date, and the Shoreham hotel, Washington, as the place.

Bryan Leaves Paris

Paris, Dec. 9.—The Patrie today prints an interview with Mr. Bryan, in which he expressed the opinion that President Roosevelt will be re-nominated by the Republican party next year for president, but that he will fail in the election. Mr. Bryan left Paris today for Berne, Switzerland.

BUTLER

Is Set Free From Prison the Court Reversing the Decision.

St. Louis, Mo., Dec. 9.—A special to The Chronicle from Jefferson City today says the supreme court this morning reversed the decision in the case of Colonel Edward Butler and ordered Butler discharged. Butler, who is a millionaire and political "boss," was convicted of attempted bribery in connection with the carriage reduction ordinance in the municipal assembly. Butler was one of the first men indicted under Prosecutor Folk's administration.

Anti-Saloon League

Washington, Dec. 9.—Temperance workers from all parts of the country were present in the First Congregational church in this city today when the eighth annual convention of the American Anti-Saloon League was opened by James L. Swaney, chairman of the local committee. Over 100 delegates, state superintendents and representatives of independent anti-saloon societies made up the body of the convention, which will continue Thursday and Friday.

STARTLING WASHINGTON NEWS.—Washington, Dec. 9.—When the House met today Mr. Grosvenor, Republican from Ohio, arose to correct the record. He said he was quoted as referring to the Senate as "They." "I am on his way here from New York to identify the men and take them back to New York and that they are wanted also in Orange, N. J., Boston and Minneapolis for supposed connection with jewelry robberies in those places."

YOUNG GIRL

Found at May Miller's Place by the Police Who Raided the House Wednesday Morning.

A terrible case of depravity came to light in Mayor Crilly's court Wednesday morning when May Miller and five inmates of her Harrison street house were arraigned, the place having been raided at four o'clock in the morning for disorderly conduct. One of the girls, who gave her age as 21 and her name as Edna Bishop, looked to be no more than 14, and the mayor sent her to the county jail until he could investigate her case further. The Miller woman was fined \$25 and costs, while each of the others were fined \$5 and costs.

Akins Appointed.

Washington, Dec. 9.—The President has decided to appoint Thomas J. Akins, who is chairman of the state Republican committee of Missouri, to the position of United States sub-treasurer at St. Louis, vice General B. M. Farrar. The latter was a candidate for reappointment, but withdrew.

Badly Wanted Pair

Pittsburg, Pa., Dec. 9.—The two men, Morris Onar and Abram Dahler, who have been arrested with a large quantity of diamonds and other jewelry in their possession, are, according to the police department, a much wanted pair. The police officials say that an officer is on his way here from New York to identify the men and take them back to New York and that they are wanted also in Orange, N. J., Boston and Minneapolis for supposed connection with jewelry robberies in those places.

KILLED GIRL WHO REFUSED HIM

Then This Ohio Lover Turned the Instrument of Death Upon Himself—Tragedy Last Night Results from Caywood Young Woman's Second Refusal to Marry the Man Who Asked Her—Both Lingered for Hours.

Marietta, O., Dec. 9.—This city was the scene of a sensational murder and suicide last evening, and as a result Zeb C. Kinney, aged 30, and pretty Minnie Schenkel, aged 23, of Caywood, lie cold in death.

Last night Kinney secured a carriage and, going to the home of the young woman's brother, where she was staying, asked her to go driving with him. He had been paying marked at-

tention to Miss Schenkel for about a year, but about a month ago he asked her to marry him. She refused and they separated, meeting for the first time last night.

When they reached the outskirts of the city Kinney again proposed marriage, but Miss Schenkel refused, saying she was not ready to marry.

Kinney then produced a .38 calibre revolver and threatened to kill the woman. She pleaded for her life but he

said that he could not live without her, and then fired two shots in rapid succession at the girl's head, one of which took effect.

He then turned the smoking weapon upon himself and the first shot was fatal, going entirely through the back of his head. When found the bodies were lying by the road side, each in a pool of blood, but not dead. They were removed to a nearby house and both died about midnight.

McGregor and Upton are Guilty of Defrauding the Government.

Baltimore, Md., Dec. 9.—Former postal clerks Thomas McGregor and Columbus Upton were convicted in the United States district court of conspiracy to defraud the government in connection with the purchase of 20,000 leather pouches for use in the free delivery service.

Charles E. Smith, who received the order for the pouches through the influence of Upton and McGregor, was the principal witness against the accused. The case was given to the jury late yesterday afternoon and, after deliberating 45 minutes, a verdict of guilty was returned. Counsel for the convicted men immediately made motion for a new trial and Judge McGraw agreed to hear arguments on the motion on next Saturday. Bond in \$5,000

was furnished by Upton's friends and he was released. McGregor is in charge of United States Marshal Langhammer pending the arrival of friends from Washington to furnish a similar amount of bail for him.

Yesterday's session of the court was taken up entirely by arguments of counsel for the prosecution and defense. District Attorney John C. Ross and Charles J. Bonavante addressed the jurors for the government, and Messrs. A. E. L. Leckie, of Washington, and William S. Bryan, Jr., of this city, for the defense.

In the course of his remarks Mr. Bryan took occasion to criticize the methods of the postoffice department. He said in part: "First Assistant Postmaster General

Wynne is over-paid for merely signing letters he does not read. The whole postoffice department is incompetently and shamelessly run and the government is bounding McGregor and Upton as scapegoats, because of gross incompetency in conducting the affairs of the department."

He ridiculed Mr. Wynne as a "high roller" and a man who lived on champagne, green peas and canvas-back ducks, and didn't attend to his business, and called attention to the way the government had sent special counsel besides the district attorney to persecute McGregor and Upton.

Speaking of Smith, Mr. Bryan scored him roundly saying that even the mention of his name gave a bad taste in the mouth.

INDICTMENT

Against Brilliant Lawyer James L. Blair of St. Louis for Forgery Man Now in Hospital.

The Wilmington News makes the following observations on the St. Louis Blair case:

In St. Louis the grand jury has found two indictments against James L. Blair for forgery, and as soon as he is able to leave the hospital, where he has been for some time he will be arrested. Blair was a lawyer of marked ability and considerable prominence. He had a love for the pleasures of life, and his home was one of the most gorgeous in that city of many handsome homes. He entertained lavishly, and his wife was one of the leaders of "so city." They had carriages and hot-houses, and works of art decorated the rooms of their home. In a way they were looked upon as being exclusive, and their company was sought by others. And this thing went on for a long time.

Blair was made general counsel of the world's fair concern, and he was active in the fair work as well as in all matters relating to the city. He had even come out as a reformer, and he had no use—to take his own words—for evil-doers, especially those of less degree. He fairly loathed wrong-doing. But suddenly it came to the public that this man Blair was himself dishonest and that he had been guilty of forgery. He denied the allegation in a half-hearted way and at once was stricken with sickness. For a long time he was confined to his home, and the unhappy man went to a hospital. Now he has been indicted and in due time he will be arraigned for trial.

This is not a new phase of criminal offending, but it is none the less to be deplored that a man of ability and intelligence—with a love for the beautiful, and with the capacity to make a good living honestly—should be so weak and so short-sighted as to imagine that he could offend and escape. There is no pleasure in reading of this sort of tragedies, and there is no use pointing out the moral of the story. Not only was this man a forger—according to the indictment—but he was a contemptible hypocrite. Pretending to have a holy horror for evil, he is now accused of the meanest sort of evil—the forging of deeds for property to deceive others in order to secure for himself the money to continue his display of wealth. It is well to have such cases given publicity. Perhaps they may serve to demonstrate to others who may be tempted to cheat and rob that there is always to be an accounting, and that very few rascals are able to escape exposure and punishment.

HON. H. MASON,

MEMBER OF HOUSE OF REPRESENTATIVES, JACKSONVILLE, FLA.

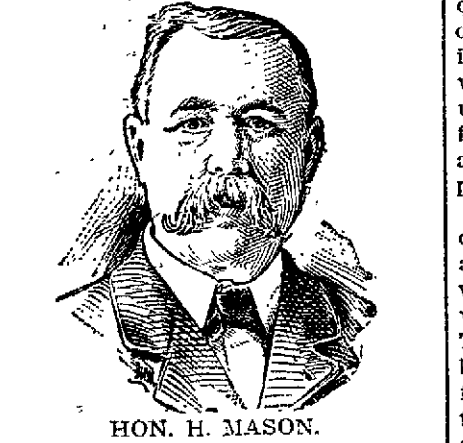

Cured of a Dangerous Cough and Affected Lungs by Vinol.

Letter Published by Request of Frank D. Hall.

To the Editor of the Advocate: We have received a letter from the Hon. H. Mason of Jacksonville, Fla., which we hope you will publish for the benefit of everybody in this city. We also send you a photograph of Mr. Mason, which please print with the article if you have space. Yours very truly, Frank D. Hall.

The letter Mr. Hall refers to reads as follows:

"Dear Sir—A couple of months ago I contracted a severe cold, which it seemed impossible to cure. It settled on my lungs, causing a hard cough, which kept me awake nights, and soon weakened my system so that I was unable to attend to my duties. Vinol, that delicious tasting cod liver oil preparation, was recommended to me by a friend, who had used it with wonderful results. I purchased a couple of bottles of our local druggist, Mr. Conover, and began to take it. The second night

HON. H. MASON.

after, I only had one coughing spell, and within a week I was not coughing once during the night. Naturally, my progress was fast after this, and my lungs healed rapidly. My strength returned and I gained in flesh and health. In fact, this wonderful preparation restored me to a perfect condition and I now feel better and younger than I have for years. I certainly think it is a wonderful remedy to cure coughs, colds, sore lungs and build up a rundown system. (Signed) H. Mason."

We are glad to publish this letter for Mr. Hall, as it is not only interesting, but thoroughly proves that all his claims for the wonderful curative powers of his Vinol are fully substantiated by unquestionable testimony. We hope that many sick and ailing people in this city may be benefited by the information.—Editor.

MALADY

From Which Kaiser is Suffering is Chronic, According to His French Tutor, Amedee Pigeon.

Paris, Dec. 9.—Alarming revelations of the malady of the German emperor have been made here by Amedee Pigeon, a tutor of the Kaiser during his university days at Bonn, and a French writer and litterateur.

According to his disclosure the affliction from which the Emperor is suffering is not of recent appearance, as officially proclaimed, but has affected the patient since his boyhood. It made its appearance first in the form of an attacked ear, when as the Crown Prince Frederick he was studying at Bonn in 1879.

According to the tutor the throat affection is but an extension of that membranous growth. An operation was undertaken at this time, when temporarily relieved but failed to cure the trouble. In the next 10 years the young prince suffered repeatedly from a recurrence of the disease, and his hearing was sensibly affected.

Soon after his accession to the throne a second operation was performed, which resulted in another temporary relief. Two months ago a third operation was performed, but was kept secret. This operation was not as successful as the previous one, and was followed November 7 by a fourth, concerning the cause of which meagre information has been allowed to reach the public.

Further information made public by Mr. Pigeon is to the effect that while Dr. Moritz Schmidt, the noted specialist, is ostensibly in charge of the treatment he has in reality declined to assume the sole responsibility for the royal patient, and that the Laryngological Society is directing the case through the physician in charge.

Feeling freed from any sense of moral obligation to secrecy by the general speculation which has followed the fourth operation, Mr. Pigeon now enters into a full exposition of his knowledge of the Emperor's case.

President Loubet will resume his study of astronomy as soon as he lays down the cares of state. An observatory is being built on the grounds of the chateau which the president recently purchased.

THE EAST RIVER BRIDGE.

Electrical Display to Mark Opening of New Structure.

The opening of the new East river bridge on Dec. 19 will incidentally furnish New Yorkers with an opportunity to witness one of the most gigantic electric light displays ever seen in New York city. With the setting of the sun on that day will be brought into dazzling relief a veritable bridge of fire more than a mile in length, its cables and towers, stringpieces, spans and anchorages traced in electric light bulbs. Suspended between the towers on both the New York and Brooklyn ends will glitter enormous stars and the coat of arms of the city of New York, while in the center of the bridge, where the cables meet, two immense American flags traced in colored lights will be installed.

These flags, one on the up stream and one on the down stream side of the structure, will be twenty-five feet in height and 100 feet long and will contain each about 2,000 lamps properly colored so as to bring out perfectly the red, white and blue of Old Glory. The only colored lights that will be used are those for these flags and the coat of arms, all other lights being frosted.

The contract for these electric light decorations for the opening of the new structure embodies the largest installation for decorations that have ever been undertaken in the country. There will be in use 20,000 bulbs of eight candle power each. The electricity required to illuminate the bridge on this occasion will require a dynamo capacity of nearly 1,000 horsepower. There will be nearly twenty miles of wire used in the work, and the bridge of fire will be visible from as far distant as the spectator can find a vantage point within several counties.

The East river will be further lit up on that occasion by one of the largest and most elaborate displays of fireworks ever seen in New York, which will continue for more than two hours. The chief figure of this exhibition will be a set piece, representing Niagara falls. This will be 1,000 feet wide, and the fall will be from the roadway of the span to the river itself, a distance of nearly 140 feet. Topping this cataclysm and shown above the main cables at the same time will be five pictures in fire of prominent men. One will be of the late Andrew H. Green, "father of Greater New York."

DRILLING A MARINE.

How a Recruit Tried to Profit by Admiral Rodgers' Lesson.

A little story involving Rear Admiral Rodgers, the commandant of the Brooklyn navy yard, and a very raw marine recruit came out recently when Colonel Speier called the green marine before him to be lectured, says the New York Times.

Admiral Rodgers and Captain Perry, the captain of the yard, were making a tour of inspection when they passed the marine doing sentry duty, who failed to salute them.

"Don't you know enough to salute when an officer passes you?" asked the admiral, going back.

"Geel!" exclaimed the new marine in a tone of most uncomplimentary astonishment. "Are youse fellers officers?"

The admiral ordered him to present arms, and the man nearly fell over himself in his awkward efforts to obey the command.

"Here, let me have your gun." And, taking the piece, the admiral showed the man how to present arms gracefully and properly.

"Now," said the commandant, handing back the gun, "let me caution you that a sentry must not under any circumstances ever give up his arm."

"I seem to be putting my foot in it for fair," said the green marine, looking discouraged.

An hour later the admiral and the captain chanced to pass the same sentry again. This time he presented arms with a flourish that almost knocked his head off.

"Hey, did I do it all right that time?" he yelled after the admiral, seeming to feel hurt when he received no answer from the dignified commandant.

PESTHOUSE FOR A DOG.

Too Valuable to Kill, He Will Have Quarters All to Himself.

Unusual distinction was paid to a dog recently, when the board of health of Derby, Conn., established a pesthouse exclusively for it, says the New York Press. The animal is a valuable fox terrier, owned by John Kellar, a Derby merchant.

Mr. Kellar's daughter, five years old, became ill with scarlet fever. She and the dog had been inseparable, and the dog frequented the room of his little mistress. Then the patient's condition became so serious that the dog was kept out of her room. It sought her playmates in the school yard and romped with them for hours. Parents of the exposed children learned of this with alarm and at once petitioned the board of health to have the dog killed or quarantined.

On account of the dog's value, which is said to be several hundred dollars, the board decided to build an annex to the town pesthouse, and there the dog will be kept until danger of infection has passed.

Holly Song.

The holly is for happiness:
Hane it, hane it hie,
When the boy more the bless
Shows its rose along the sky!

The holly is for heartsome cheer:
Hane it, hane it hie,
While the glory of the year
Lights the heights of all the sky!

The holly is for homestead mirth:
Hane it, hane it hie,
While the forest day of earth
Fades in shades along the sky!

AMUSEMENTS.

The annual appearance of Peck's Bad Boy is scheduled for the Auditorium Saturday night, December 12. There is no other comedy that has stood the test of time that this one has. Mr. George W. Heath the Manager, who has been with it from the first presentation tells of an incident that happened in Louisville, Ky. some four or five years ago. One of the daily papers there, in criticizing the play said it could see no reason for its being on the road any longer. That night while sitting in the manager's office at the theatre just before "counting up" a reporter from another one of the dailies dropped in and the article in the paper was brought up. The reporter said he agreed with the article in question. Mr. Heath invited him to go with him for a moment and he would give him his reason for still presenting the farce. Together they went out and tried to enter the theatre, but could not do so, so great was the crowd; every seat and every inch of standing room was occupied. Pointing inside, Mr. Heath said: "There is the reason we have been on the road for fifteen years and that is the reason we will stay for fifteen more years. You see the people like it."

The argument was so convincing that the reporter had to agree to it. To insure it a longer life the play has been entirely re-written, and new scenery provided, new costumes and specialties, in fact, everything except the name is brand new.

NEXT MONDAY NIGHT.

Creator, the great Italian band leader, will be at the Auditorium with his great organization next Monday night, December 14. The Pittsburg Post referring to Creator printed an article which contained such expressions as "like a volcano in action," "climaxes are hair-raising and heaven-sealing," "whirlwind bandmaster," "embodiment of ten whirlwinds," "Cyclopean rendering."

The Pittsburg Press said Creator "stormed the city, fairly captured Pittsburg; the harmony evoked was a revelation."

The attendance, of course, was very large, and in spite of rain, the attendance record of 14 years was broken several times during Creator's concerts at Pittsburg.

To improve the appetite and strengthen the digestion, try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant, and satisfactory movement of the bowels." There are people in this community who need just such a medicine. For sale by all druggists. Every box warranted.

WED RICHES

But Wealthy Bride Concealed the Fact and the Groom Thought She Was Poor.

Washington, Pa., Dec. 9.—At the parsonage of the Pigeon Creek Presbyterian church in Somerset township, Miss Emma B. Nixon, of Cincinnati, and William J. Marshall, of Washington, were married by the Rev. Fayette E. Vernon, the pastor of the church. After the ceremony the bride, who was supposed to be a woman of comparatively small means, informed her husband that she was very wealthy and that she had made arrangements for an extended wedding trip.

The disclosure caused the greatest surprise. Mrs. Marshall while young inherited a large fortune and determined as she grew older that she would marry no one who knew of her wealth. She had many suitors, but refused them all, believing they desired her money rather than herself. Some time ago she met Marshall, who was in Cincinnati on business. A friendship sprang up and a few weeks ago Miss Nixon came to near Washington to visit a sister. She and Mr. Marshall became engaged and the wedding was set for yesterday. Mr. Marshall desired a large wedding, but the bride refused and they were married quietly in the church parsonage.

Mr. Marshall had made arrangements for a short inexpensive wedding trip, but after the ceremony he was informed by his wife that tickets had been purchased for an extended trip to the South and that her income would easily meet all expenses connected with the trip.

THE RAILWAYS

OPERATOR IN TOWER BEATEN AND ROBBED.

Eight Hurt in Wreck at Fairmount—Local and General Railway News Items of the Day.

Pittsburg, Pa., Dec. 9.—Single handed and with no chance to summon aid, Operator J. R. Largonot, stationed in the Pittsburg and Lake Erie railroad tower at Alliquippa Park, a mile distant from any habitation, battled with three negroes until he was overcome. He was beaten into insensibility and robbed of \$50. His assailants left him bound to a chair.

Operator Largonot had just received orders for the Cleveland express and was awaiting its arrival. A knock was heard at the door, and when he opened it, three negroes forced their way into the little office. Largonot drove his assailants back several times with a heavy club, but eventually he was knocked down and beaten until he became unconscious.

When he revived the negroes had gone, the office had been thoroughly ransacked and \$50 of Largonot's money stolen. The negroes are supposed to have gone in the direction of Youngstown.

Eight Hurt in a Wreck.

Fairmount, W. Va., Dec. 9.—The fast Pittsburg passenger train from Weston crashed into an empty and stationary freight car here and both engines and several freight cars were completely demolished and eight passengers were seriously injured, but none are thought to be fatally hurt. A relief train brought the injured here. The heavily loaded freight was delayed on the main track in reaching a switch and a flagman was sent quite a distance ahead to signal the passenger train. The flagman was passed unnoticed on account of the fog.

More Fever Victims.

Butler, Pa., Dec. 9.—Five funerals of fever victims were held this morning. Sorrow, mourning and funerals, sickness and death are laying their heavy hand here. No new cases of fever had been reported to the health board at 11 o'clock this morning. A new feature in the fever situation, and one which is causing great alarm, is the report that there are four or five cases of fever at Greece City, ten miles north of Butler on that branch of the creek on which the Boydstown storage dam is located. The state board of health officers will investigate today, and if there is any possibility of future pollution from this source, the danger will be promptly removed.

NEW WELL

To be Drilled by Croton Gas and Oil Company at Once—An Exciting Runaway—Notes.

Croton, O., Dec. 9.—The Croton Gas and Oil Company's directors have decided to begin drilling another well immediately. W. D. Fulton of Newark is president of the company.

Quite an exciting runaway occurred Monday evening. Faith Willison, a daughter of B. W. Willison, started to drive home after school. Her horse became frightened and began kicking when she jumped out of the buggy and the horse ran about a mile, when it was caught unharmed. The girl also escaped with no serious injuries.

CHAS. B. BEENEY

PIONEER CITIZEN OF LICKING COUNTY DIES.

Helped to Clear Away the Forest and to Make the Wilderness Blossom Like the Rose.

One of Licking county's most honored pioneer citizens has passed away in the person of the venerable Mr. Charles B. Beene, who died at the home of his son, Professor S. L. Beene, of the Newark Business college, on Elmwood avenue, this city, on Tuesday afternoon at 2 o'clock. The funeral services will take place from his late residence, 199 Elmwood avenue, at 1 o'clock Thursday afternoon, and the interment will be made in Cedar Hill cemetery. Rev. H. Newton Miller, pastor of the Disciple church, officiated.

The deceased was a native of Sussex county, England, where he was born on the 14th day of October, 1815. He came to America with his parents, Jesse and Mary Beene, in 1821, and

located with them in Eden township, this county, where he lived for many years. He had been continuously a citizen of this county for over 82 years.

Some fifty years ago he lived in Newark for several years, where he carried on the cooperage business, making his barrels by hand and hauling them to Zanesville to sell. About thirty-five years ago Mr. Beene removed to Washington township, and lived for thirty-two years in that township, on his farm, three miles east of Utica. On January 12, 1900, on account of advancing age and feebleness, Mr. Beene removed to Newark, where he has since lived with son and daughters. His last illness continued over two years. On May 9, 1854, Mr. Beene was married to Miss Christina Lyons, who was then a resident of Eden township, Licking county, but who was a native of County Down, Ireland. This happy union continued for a period of nearly 60 years, when the beloved wife preceded him to the spirit land on the 26th day of January, 1901.

The deceased was the father of five children, four of whom are still living, viz., Mr. John W. Beene, of 94 North street; Professor S. L. Beene, of the Newark Business college; Miss Marie Beene and Mrs. Emma Hansberger, of 199 Elmwood avenue, Newark.

Mr. Beene, coming to Ohio only thirty-three years after its first settlement, when the country was still a wilderness and very thinly settled, was truly a pioneer citizen in every sense of the word. He helped to clear away the forest and to make the wilderness blossom like the rose. In his long life of nearly 89 years he lived to see that cooperative wilderness transformed into a great state of several millions of population, with all the varied industries and arts and sciences of modern civilization. He saw the railroad, the steamboat, the telegraph, the electric road, the telephone and all the modern triumphs of science born. He was an unusually intelligent man, of strong character, and the strictest integrity. A consistent member of the Disciple church for more than forty years, he lived day by day the faith that he professed. His life was a beautiful and consistent Christian life and his death was a triumph of Christian grace.

GRAVE ROBBERS

Found to Have Been Operating in Virginia Cemeteries.

Newport News, Va., Dec. 9.—The local police are on the trail of an organized band of grave robbers, which for many weeks it is believed, has been despoiling graves in Greenlawn cemetery and robbing newly interred bodies of their jewelry, shrouds and clothing. Two bodies which were being exhumed for removal to other lots were discovered to be in a nude condition. In spite of the fact that both had been buried in handsome and costly clothing.

Many persons who feel tired, nervous and all worn out—not exactly sick, yet far from well—seek the aid of a physician when what they really need is a simple tonic—something to brace them up.

People thus ailing should try Walter's Peptonized Port. Sold at F. D. Hall's. It combines the richest old port wine with the very best of grape. It creates a natural appetite, tones up the stomach, cures dyspepsia and indigestion.

Many physicians prescribe Walter's Peptonized Port when their patients need a dependable tonic.

THE COURTS

THE BROTHERS TROUBLES STILL IN THE COURT.

Transfers of Property—Marriage Licenses—Doing in Common Pleas. Court House Notes.

The war is still on between B. B. Brothers and his wife about the possession of their property in the West End. Mrs. Brothers had opened a saloon in one of the rooms of their large store building, taking out the license in her own name. With the assistance of a bar tender she was conducting the saloon business. It is said that Brothers by force took possession of the saloon, and with the aid of a revolver, drove his wife from the premises. Brothers was arrested and bound over to the Common Pleas court by Squire Atcherley. Mrs. Brothers has commenced a suit for divorce in the Common Pleas court, which is still pending and he is now trying to eject her from the premises, but she still holds the fort. It is said that Brothers tried to sell the saloon without consulting his wife.

NEW YORKER

REFUSES TO GO TO MISSOURI TO STAND TRIAL.

Millionaire Zeigler Fights Extradition on Charges of Bribery—Clash of State Authorities.

Albany, N. Y., Dec. 9.—The requisition of Governor Dockery of Missouri, upon Governor Odell, for the extradition to that state of William Zeigler of New York city, upon an indictment in Cole county, Missouri, on the charge of furnishing funds for the bribery of Missouri legislators in connection with baking powder legislation, was the subject of a hearing before the governor yesterday.

The Missouri authorities were represented by Attorney General Crow and Judge T. B. Harvey, of Missouri, and Sheriff Smith, of Cole county. Mr. Zeigler was present in person and his counsel, John M. Bowers, Delancy Nicoll, Edward Lauterbach, William J. Underwood and John D. Lindsay.

Mr. Bowers first demanded to know upon what dates the Missouri authorities alleged Mr. Zeigler was in the State of Missouri and committing the alleged crime.

"We propose to show," said Mr. Bowers, "that Mr. Zeigler never was in that county in his life, and the swearing out of this warrant was an atrocious crime against the liberty of a citizen, an attempt to use the sovereign power of two states to bring this man into the State of Missouri, where they can try him on any charge they please."

"I do not know the gentleman who makes this charge," Crow said, "but I deem it my duty to my State and to myself to declare his statement as false as hell."

Mr. Lauterbach then read a very long formal answer from Mr. Zeigler. In his statement Mr. Zeigler denied emphatically that he had committed any bribery or that he was a fugitive from justice and declared that the whole proceeding was a malicious act of oppression, inspired chiefly by his personal enemies.

Judge Harvey then produced a number of affidavits, constituting the Missouri end of the case. At the close Governor Odell said he would give the Missouri people two weeks in which to submit briefs and Zeigler's counsel two weeks after that in which to answer them.

THE FUNERAL

Of Philip Rush, Veteran of the Civil War—Beautiful Sermon by Rev. Father O'Boylan

The funeral of the late Philip Rush, who died at his home 322 North Fourth street, on Monday morning, after an illness of some time with lung trouble, at the advanced age of 89 years, took place from the St. Francis de Sales church, of which the deceased was a devoted member, on Wednesday morning at 9 o'clock, the Rev. Father B. M. O'Boylan, preaching a very beautiful and appropriate discourse.

The deceased was born in Germany and came to this country when only 10 years old. He enlisted in the United States army during the civil war at Zanesville, in 1862, in Company I, 122d O. V. I., and was captured by the enemy at Winchester in 1864. He was discharged from the service on June 26, 1865, after having served 32 months.

He received a handsome medal for bravery on the field of battle. The deceased was a fine old gentleman, respected and highly thought of by all who knew him.

Father O'Boylan in his funeral sermon, preached on the period in which the Union was formed and spoke beautifully on the flag and what it symbolized.

BACK HOME

The Georgia Enoch Arden Hurried When His Wife Became a Widow

Jacksonville, Fla., Dec. 8.—During the war of the Rebellion, John Hargrove of Butler county, Georgia, who was a follower of Colonel Bob Toombs, was reported killed. His widow mourned for a few weeks and then married Jack Collins of St. Mary's, this state. Hargrove came home the day after the wedding, and without making a fuss, left for parts unknown. At Tampa, Mexico, two weeks ago he heard that his former wife had just become a widow. He returned home at once, and yesterday he remarried her. The couple are aged respectively 71 and 75 years.

MR. ROSEBRAUGH

RE-ELECTED MANAGER FOR THE YEAR 1904-05

Memorial Auditorium Trustees Accept Natural Gas Contract and Transacted Other Business.

A regular meeting of the board of trustees of the Memorial hall was held Tuesday night and some important business was transacted, the most important being the election of a manager for the Auditorium for another year, to succeed John B. Rosebraugh, the present incumbent. There were four applicants, George D. Hamilton, Harry Davis, son of W. H. Davis; L. U. Homer, at present janitor of the building, and John B. Rosebraugh. On the first ballot Mr. Rosebraugh was elected to succeed himself, his term to commence May 1, 1904, and end May 1905.

Mr. Rosebraugh has been the manager of this house for a number of years, and in spite of much criticism from a few unthinking people, who have no idea of any proposition further than whether or not it pleases them, has given general satisfaction. Each year Mr. Rosebraugh has made a showing in receipts that makes it almost imperative that the trustees, in justice to Mr. Rosebraugh, themselves and the public, should re-employ him and continue the present successful regime at the Auditorium. Mr. Rosebraugh's receipts each year show that people go to see the plays presented there and pay their money for this privilege. He is certainly pleasing the public or he could not make such a showing season after season. The public own this building and the trustees felt that it was to their interest that Mr. Rosebraugh be re-elected.

John Fisher, a Columbus decorator and N. Pfendler, of Newark, were present at the meeting and submitted designs and bids for decorating the G. A. R. hall. The matter was referred to Messrs. Rees and Henderson as a committee to report at the next regular meeting.

Several bills were examined and allowed and the Natural Gas company's contract with the trustees was accepted.

THE SICK.

suffering with an attack of grip at her home on Summit street.

Mrs. Edward Schaller, who has been sick at her home on Western avenue, for some days, is considerably better at this writing.

Mr. Aloysius A. Bader, one of the oldest and best known residents of Newark, is living dangerously ill at his home, 208 West Locust street, and it is thought that he cannot recover.

Mrs. Stack, wife of E. & O. conductor Frank Stack, is sick with the grip at her home on Valandigham street.

Appeals before next summer.

Upon the perfection of the plea in the Court of Appeals, Mr. Scott will give another undertaking in the matter to continue stay of execution until it can be heard.

If the Circuit Court of Appeals sustains the demurrer and reverses Judge Thompson, the case will end and the defendant will be discharged. On the other hand if the Court of Appeals affirms Judge Thompson, and overrules the demurrer, Mr. Scott will have to serve the sentence imposed.

HOOVER STILL IN HOSPITAL.

Columbus, O., Dec. 9.—Harry J. Hoover, the Newark bank cashier, who began a term of five years in the penitentiary Monday, is somewhat better but still confined to the hospital. Dr. Thomas believes it will not be many days, however, before he is able to leave the hospital. Hoover's number is 35148. He will probably be assigned to book keeping or clerical work if there is a position of that kind open when he recovers sufficiently to go to work.

Today Dr. Thomas said he thought Hoover would be able to leave the hospital within a few days, as his physical condition is improving. It is now announced that Hoover will be given a place in the bookkeeping department of the prison.

BECKHAM SWORN IN FOR THIRD TIME

Frankfort, Ky., Dec. 9.—In the presence of thousands of Kentuckians, J. C. W. Beckham was sworn in as governor of the Blue Grass State for the third time—a distinction held by no other man in the history of the commonwealth. Politicians, business and professional men, farmers, laborers and men from every calling in life from all sections of the state were here to witness the inaugural ceremonies and to join in the good wishes to the young governor in his administration of the state's affairs.

Not an unpleasant feature occurred to mar the pleasure of the occasion, and nothing but good will was heard from any source.

CHRISTMAS FEASTING.

A Variation From Tradition—The Knickerbocker Chicken Pie.

Housekeepers who are not bound by tradition are recommended to try braised turkey, which an old writer declares is the ne plus ultra of gastronomic art. Fill the turkey with the best forcemeat you can command. The most elegant is a chicken forcemeat mixed with sweetbreads and mushrooms or truffles, but an ordinary bread or celery or chestnut stuffing may be used. After the bird is picked, singed and drawn hold it breast down for a few moments over a bright fire to stiffen it and lard the breast alone with shreds of fat, salt dried pork. Place it in a large saucepan, one without the ordinary long handle, laying it breast uppermost. Add sliced onion, celery, carrot and some sprigs of parsley, with real broth almost sufficient to cover. Cover the saucepan tightly, set in a moderate oven and cook slowly. When half done add seasonings of salt and pepper, and when tender take it out, lay in the roasting pan and brown quickly, basting with butter. Strain the gravy, thicken and serve in a boat.

The Christmas dinner of the descendant of the Knickerbockers would be incomplete without a chicken pie. It is baked in a pan, the sides only of which are lined with crust. Only the breasts and boned first and second joints are used. These tidbits are seasoned and laid in the pan with alternate layers of a very delicate forcemeat, the whole covered with a rich broth made from the rest of the chicken with a delicate flavoring of onion, celery and parsley. The top crust is laid on, a hole cut in the top for a vent and the pie cooked for two hours in a slow oven. Brown paper must be kept over it until fifteen minutes before serving, when the crust must be delicately browned. This is a feast in itself, and it is a pity to serve it midway at any dinner, but it is as good if not better cold.

In Germany the goose holds the same place as the turkey on American tables. It is either stuffed with chestnuts or a dish of boiled kale garnished with boiled chestnuts is served with it. The poor man stuffs his bird with apples, and garnishes the kale with fried potatoes.—Table Talk.

AS OLD AS THE PYRAMIDS

That blood poison existed among the ancients has been proven beyond question. It has been traced back thousands of years, and is as old as the Pyramids. This blighting curse has been handed down from nation to nation and from individual to individual till it has spread to all parts of the world.

Contagious blood poison, as it is called in modern times, begins with a small sore or ulcer through which the virus enters the blood. This is followed by inflammation and swelling of the glands of the groins, a red eruption breaks out on the body, sores appear in the mouth and the throat becomes ulcerated, and as the disease takes a deeper hold and the blood becomes more thoroughly infected, the hair and eyebrows drop out, the skin is spotted with copper-colored blotches, the bones and muscles ache, and it seems to the victim of this monster scourge there is not a sound spot in the whole body.

The horror of this awful disease can never be told. The one who contracts it suffers in body and mind, and if the poison is not eradicated transmits the taint to his children, and Contagious Blood Poison thus becomes responsible for many of the ills of childhood—Skin Eruptions, Catarrhal Troubles, Sore Eyes, Scap Disease, White Swelling, Scrofula and others just as bad. S. S. S., the great vegetable blood purifier and tonic, has long been recognized as a radical and safe cure for Contagious Blood Poison. It counteracts the deadly virus and cleanses and purifies the diseased blood, and under its tonic effects the general health improves and soon all signs of blood poison are gone. The strong mineral remedies, Mercury and Potash, which are so often prescribed for the disease, dry up the sores, skin eruptions and all external signs, but leave the stomach and digestion ruined and the system in such condition that the disease usually returns in worse form than ever.

S. S. S. is guaranteed a purely vegetable remedy. \$1.00 is offered for proof that it contains a single mineral ingredient. If you have blood poison write for our special book, describing the different stages and giving all the symptoms, with directions for treating one's self at home. Our physicians will furnish any information or advice wanted free of charge.

THE MAN WITH THE PATIENT SMILE
(Original.)
"When I was running the Olympic," said the veteran manager, "one day I was stopped on the street by a cadaverous, threadbare, hungry looking chap who asked if I was Mr. Fuller, the manager. I told him I was, whereupon he pulled from his pocket a roll of manuscript, a play, and asked me to read it."
"What do you call it?" I asked.
"A Lucky Find." The hero loses his fortune and finds it again in the third act. The heroine—
"Yes, yes; I'll oblige you."
"Be careful of it. It's the only copy I have, and it's not copyrighted."
"All right. I'll take care of it."
"I had to go to several places before returning to my office and must have laid the manuscript down somewhere. At any rate I never thought of it again till one day the playwright came to my office. For my life I couldn't remember where I had seen him."
"Have you read my play?" he asked.
"Your play? Oh, yes; now I remember. No. I haven't had time to get at it yet."
"Meanwhile I was trying to think what play it was and where it was."
"All right," he said, with a winning, patient smile. "I'll call again."
"As soon as he had gone I hunted high and low for his manuscript, but it was nowhere to be found. Finally I recalled taking it from him and going to several places afterward, but what places they were I couldn't remember. I was very busy at the time, too busy to take any definite action in the matter. Indeed, there was no action to take except to confess that I had lost his play. In a week he was back."
"Haven't got at your play yet," I said. Then, fearing he would ask for it to take it away, I added: "I'm going to have some time next week. Could you wait till then?"
"Oh, yes," he said, with the same smile.
"If you need a little help, I could let you have a fiver while we're waiting."
"Oh, no. I've had a bit of luck lately. I don't need anything."
"Well, come a week from Saturday. I'll be ready for you."
"When he called again, I was ready for him—with excuses: 'Couldn't more than get through the first act. It opens well. Let me see. The next few days I'll be very busy, but I'll tell you what I'll do. I don't like to work Sunday, but in this case I'll do it. Come in Monday week.'"
"All right," he said, with the usual smile. "Don't hurry. When I saw you last, I'd just got \$100 first payment on a play, and today I got \$100 more; so you see, I'm not in a hurry."
"Meanwhile I was lying awake nights worrying over the matter. After he had told me that he had sold a play I worried all the more, for a claim from him for damages would now be good. If his play were successful, he might make me pay a large sum. There was nothing for it but to put him off as long as possible. He came again at the appointed time. Fortunately I had a cold.
"You see the condition I'm in," I said, coughing. "A man's not fit to pass on a play when he has to blow his nose between the lines. Beastly weather we're having. On Sunday I thought every minute I'd surely choke. But I've got through the third act."
"Capital. Notwithstanding I had a coughing spell I was much affected."
"Cry?"
"Cry? My eyes were all water."
"Climate or cold?" He was as serious as a tombstone.
"Oh, both. You come in here a week from today."
"I was getting tired of that smile of his." Such a man was too angelic to live. Instead of writing plays he should be sitting in heaven with all the heroes and heroines who have died on the stage from an excess of virtue. I determined that at our next meeting I'd sound him on the subject of buying his play for as small a sum as he could be prevailed upon to accept. When he came again I said to him:
"Your play will never do in the world. You've got an anti-climax, an impossible situation, in the second act, and the whole scheme is undramatic. But I can use a part of it for a certain raiser. Would you take a hundred dollars for it?"
"There was no verbal reply—only that confounded smile. I drew my check book and wrote him a check.
"I can't take this," he said. "Somebody has got hold of my manuscript, and the play is to be put on at the National."
"I turned pale. He smiled.
"Say, my friend, what'll you take to let me out of this?"
"If you'll give me the hundred dollars for keeping me waiting I'll call it square."
"Take it and welcome."
"As soon as he had gone I heaved a deep sigh of relief and congratulated myself on having had a man to deal with who hadn't any more sense than to take \$100 for a play he owned and was to be put on the boards by another manager.
"A Lucky Find" was a great success. I received cents for the opening night and was invited to supper after the performance with the playwright. Curious to know who had stolen the play, I accepted. Who should greet me but the man with the patient smile.
"The manuscript," he said, "had on it my name and address and came back to me at once. In ten days more it was contracted for. This is your dinner to me, and it has been already paid for with the check you gave me."

GRANVILLE

ROY FREEMAN HURT TUESDAY IN A COLLISION.

Between Engine and Corn Shredder at Foot of a Hill—Secret Societies. College Town News.

Granville, O., Dec. 9.—Roy Freeman, a well known young farmer employed by Bert Everett, had the misfortune to meet with a very painful and serious accident on Tuesday. He was engaged in removing a corn shredder, and was standing on the platform of the traction engine. In going down a small hill the coupling between the engine and shredder broke, which caused the engine to forge ahead for some distance, when it was stopped. The shredder then ran into the engine, catching Mr. Freeman. He was badly squeezed, one arm was mashed and he was otherwise injured. He was taken to the home of Mr. Everett where his injuries were attended to.

Miss Ella Harrison of Columbus, who has been visiting friends here for some days, returned home on Wednesday; after having had a very pleasant visit.

INSPECTION

OF NEW NEWARK-ZANESVILLE ELECTRIC LINE.

Car Wednesday to Licking-Muskingum County Line—The New Road is Almost Completed.

General Manager J. R. Harrigan of the Columbus, Buckeye Lake and Newark road, W. T. Davis, superintendent of construction, J. R. Fitzgibbon, local counsel and County Commissioners D. H. Pigg, John Lambert and J. S. Graham went over the new Newark and Zanesville electric line Wednesday morning on a special car furnished by Superintendent F. S. Mowery of the Newark & Granville road.

The party left the square at 8 o'clock and went east as far as the Licking county line below Black Hand, the object of the trip being to allow the commissioners to inspect the work as far as completed, to ascertain if it has been done in accordance with the franchise.

The road is completed as far as the rails and overhead equipment are concerned to within three miles of the Zanesville terminus, and this will be done in as short time as possible.

It is expected that the first car to run over any section of the new road carrying passengers will be on Thursday night, when it is the intention to run a special from Hanover to Newark and return, bringing up a party who will attend a social function of some kind in the city.

The time when regular traffic will be started between Newark and Zanesville can not be stated now.

MEETING

Of the Senior Luther League—Treasurer's Report and Election of Officers.

The Senior Luther League convened in regular business session Tuesday evening, with Miss Markham presiding. A very interesting paper upon the subject of "God's Loving Care" was read by Miss Jessie Frye, followed by a short talk by the pastor, Rev. J. C. Schindler. The annual reports of committees and officers were made, the treasurer's report being as follows:

Total receipts for the year, \$159.80; expenditures, \$131.50; balance \$28.30. An election of officers was held for the ensuing year, which resulted as follows:

FOUND DEAD

WAS MRS. NICOL IN HOME IN EAST NEWARK.

Neighbors Suspecting Something Was Wrong Entered House and Found the Woman Dead.

Mrs. Eliza Nicol, widow of the late Dr. J. H. Nicol, was found dead in her bed at 20 Drumm street, where she lived alone, about 10 o'clock Wednesday morning by neighbors, who had become suspicious that all was not right from the fact that no smoke had been seen, nor other evidences of activity usually apparent when Mrs. Nicol was well. She had last been seen Monday morning doing some work about the house.

When neighbors went to the door they found it open and, going up to the second floor, they found the aged woman cold in death, which had evidently occurred hours before.

Coroner C. F. Legge was notified and went over and viewed the remains, which were then prepared for burial by Undertakers Bowers & Bradley.

Mrs. Nicol has for years been a nurse, at which profession she was considered very skillful. She was a consistent Christian, a member of the Second Presbyterian church, and was well known for her nobility of character and simple, Christian life.

Her sudden death was probably due to heart disease. She was born in 1831 and had been a respected resident of Newark for many years.

Morgan and Ship Trust.

New York, Dec. 9.—The relations of the firm of J. Pierpont Morgan & Co. with the United States Shipbuilding company, whose bondholders are seeking to make the receivership permanent, were further explained this morning when George W. Perkins, of the Morgan firm, continued his testimony. Mr. Perkins stated yesterday that the Morgan firm had absolutely no connection with the ship yard combine, but admitted that the firm had deposited \$2,500,000 with the trust companies from which Daniel Leroy Dresser in turn borrowed that sum for the ship yard company. He said Morgan was in Europe when the deal was made and knew nothing about it.

Mine Explosion.

Greensburg, Pa., Dec. 9.—An explosion occurred at noon today in the Eureka mine of the Pittsburgh Coal company at Port Royal. One man, Milton McMillan, a civil engineer of West Newton, is known to be dead, but how many more cannot be told at this time. Two other engineers escaped, but were badly shocked.

Trial for Murder.

Bennington, Vt., Dec. 9.—Mrs. Mary Rogers was placed on trial today. She is charged with luring her husband to a lonely spot and then, with the aid of accomplices, killing him in a most inhuman manner. Miss Estelle Bates and Leon Pesham are also under indictment for the crime.

It is the intention to raise a monument to the memory of Emilio Coste-lar, former president of the Spanish republic. Madrid has been selected for the site.

Senator J. W. Bailey, of Texas has a stock farm in Kentucky, and up to a recent period owned one of the finest places in Texas—a combined farm and ranch in the fertile prairies of Dallas county.

Lieutenant Governor Guild, of Massachusetts, has added a full set of Philippine daggers of quaint design to his collection of weapons.

To Illinois belongs the distinction of being the greatest whisky-making state in the Union.

The lock to be placed in the Danube-Order canal will be 131 feet high and the highest in the world.
